

## **Removing Human Spirit Access**

**By Beth Eckert**

Lord Jesus, I give you full access to every part of my humanity right now. Come inside of me and remove all human spirits from my being. Break every connection I have made with any human spirits and close every door I have opened to give them access. I give you permission to supersede every right I may have given and to remove any points of access into my being. I ask you Lord to remove any weapons, gifts, or any other object I have willingly received from any human spirits. I renounce giving rights or permissions to access me by any human spirits.

I ask you to send these human spirits back to their bodies and bless them, Lord. Show them truth and set them free. I ask you to bring hope and truth into every part of me that receives human spirits into the body. Show them the power you have to break every chain of bondage that holds them still. Align every part of me with your Holy Spirit and break every chain of bondage within me now. I choose Jesus Christ the Worthy Lamb of God to have access to my being and no other spirit.
